Ports & packages

Release model & engineering

Binary upgrades

Configuring critical Windows Updates

1% complete

Do not turn off your computer.

SMP & scheduling

Install Kernel(s)

You may now wish to install a custom Kernel configuration.

< Symmetric multiprocessing kernel (more than one processor) >

< Embedded kernel (no vga console, keyboard) >

< Developers kernel (includes GDB, etc) >

Press F1 for Help

The base system, part I

Security & sandboxing

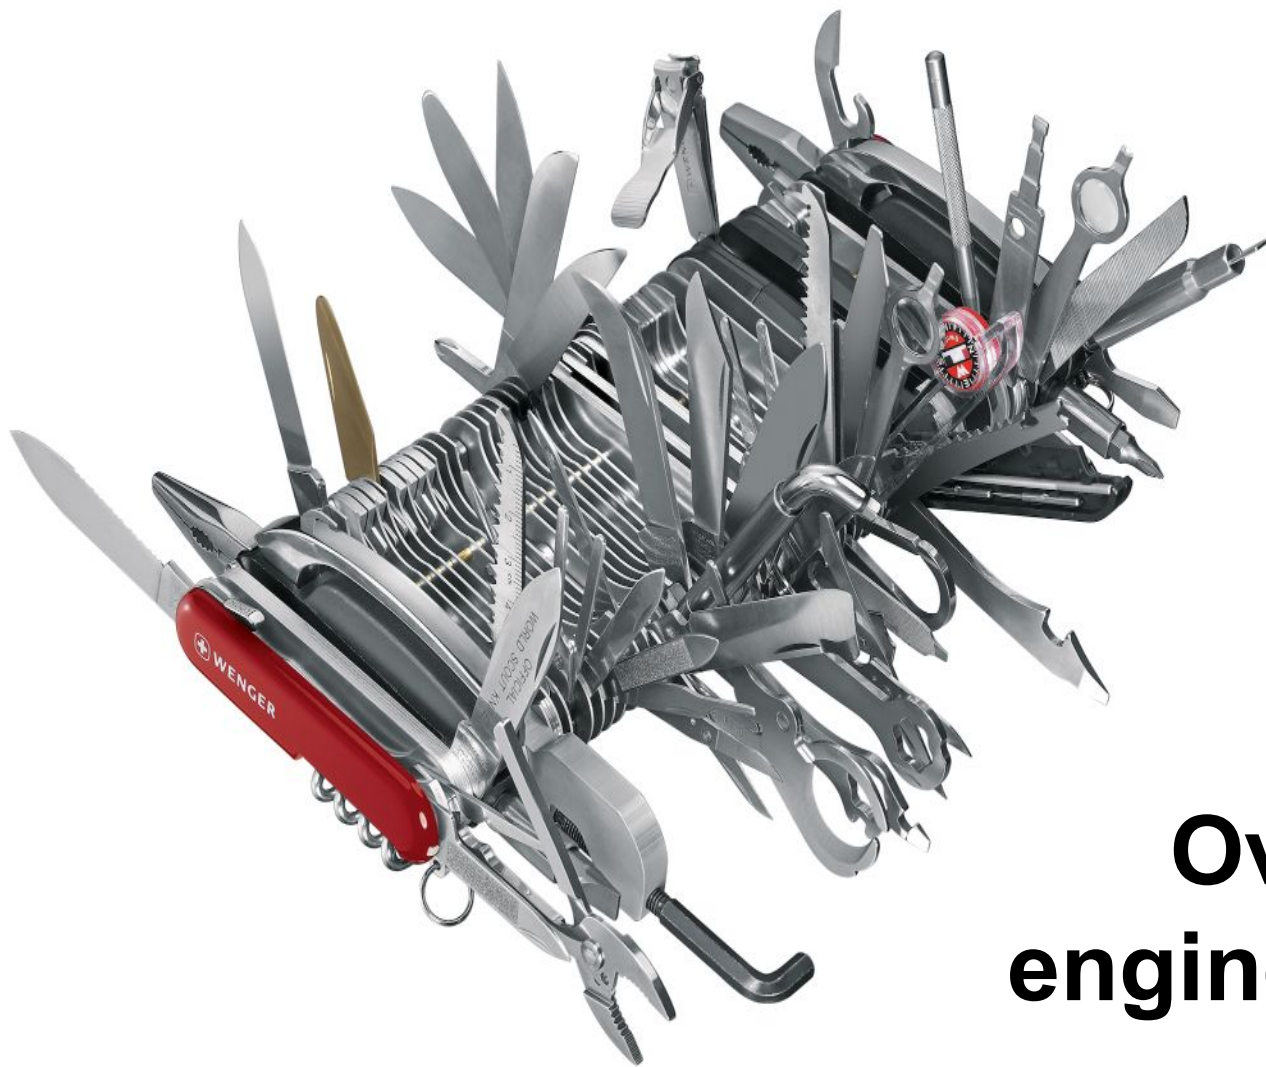

Interlude

ROUND 2

Three men in suits and sunglasses stand in a desert landscape. The man on the left is shorter and has blonde hair. The man in the center is the tallest and has dark hair. The man on the right is of medium height and has dark hair. They are all wearing dark suits, white shirts, and dark ties. The background shows a desert with mountains and a sunset sky.
